## **Female Economist Mentoring Workshop:**

It has been a new tradition for the MEG conference to include a preconference mentoring workshop for young female economists whose work has a quantitative emphasis. The mentoring workshop will begin with a networking dinner on Thursday, October 25, and conclude after two morning sessions at 12pm on Friday, October 26 just before the main conference begins.

Applicants should be less than 5 years after obtaining their PhD degrees. If you wish to be considered for inclusion to this workshop, please email your paper to [mlaboda@wisc.edu](mailto:mlaboda@wisc.edu) with the subject line "Female Mentoring Submission." All applicants will be invited to participate in the workshop and the networking dinner, while not all submissions will be included in the workshop due to space limitations. Each selected mentee will be paired with a female senior mentor who will discuss the mentee's paper at the workshop.
